EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Page 1 of the disclosure after "...December 16, 2002,..." and prior to "...by the present inventor..." --now U.S. Patent 6,817,358--has been inserted.

The above change was made to list the current status of application 10/248,070.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The overall combination of the protective hood apparatus of claims 1 and 8 with the specifics of the first, second and third loop members wherein the first loop member adapted to slidingly receive a strap there through; said first loop member being mounted to said part of said breathing means positioned externally to said flexible hood in depending relation thereto; said second loop member adapted to slidingly receive a strap there through being mounted to a top wall of said at least one filter housing at a rearward end thereof; said third loop member adapted to slidingly receive a strap there through being mounted to a top wall of said filter housing at a forward end thereof; a strap in the form of a continuous loop being received within said first, second, and third loop members; said first and third loop members being in closely spaced relation to one another when said
